7 The proceedings in respect of a ship or aircraft requisitioned under this Order shall continue notwithstanding the requisition.

8 In any case of requisition of a ship or aircraft in respect of which no cause has been instituted any person interested in such ship or aircraft may, without issuing a writ, provided he does not intend to make a claim for restitution or damages, apply by summons for an order that the amount to be paid in respect of such ship or aircraft be fixed by the Court, and the Judge may, on the hearing of such summons, order the ship or aircraft to be appraised or to be valued or give such other directions for fixing the amount as he may think fit.

1 A ship or aircraft brought within the jurisdiction for adjudication after recapture from the enemy but liable to restoration on payment of salvage, shall (except as hereinafter provided) be proceeded against by writ, and, if so ordered by the Judge, on pleadings, in the same form and manner as all other ships or aircraft captured as prize.

Forms of writ and of pleadings in prize salvage will be found in Appendix A, Nos. 6 and 13 (ii).

2 (a) Where a ship or aircraft, on recapture from the enemy by any of His Majesty's ships or military aircraft, or by any persons other than its own crew, which, if brought within the jurisdiction by the recaptors, would have been liable to restoration on payment of salvage, is with the consent of the recaptors allowed to proceed on its voyage, or otherwise parts company with or comes to be in the possession of the recaptors, or

(b) Where a ship or aircraft captured by the enemy is recaptured by the crew of such ship or aircraft

In either case the recaptors may take proceedings to recover the salvage due in respect of recapture (if any), either *in rem* or *in personam*

3. Within twelve days after a writ has been served, the owner shall file an affidavit setting out the value of the property claimed or alleged to have been saved, or an agreement with the recaptors as to such value

Forms of affidavit and of agreement of value will be found in Appendix A, Nos. 56 and 57.

4. Where no claim is made by no owner, or no appearance is entered, or default is made in filing an affidavit or agreement of value, or where the recaptors are dissatisfied with the value declared to, the Judge may, on the application of the recaptors, direct the property to be appraised by the marshal or otherwise valued.

¶ If no appearance is entered the recaptors may, subject to the filing of an affidavit of service (Appendix A, Form 10), set the case down for hearing by default; in all other cases the recaptors may at any time after appearance entered, apply for a day for the hearing.

5 Where at the time of a decree or order awarding prize salvage the ship or aircraft is under arrest the decree or order of the Court may be enforced by sale thereof and payment of the amount due out of the proceeds of sale.

7 Where a ship or aircraft under arrest has been released on security being given, the decree or order awarding prize salvage may be enforced;

(2) if bail has been given, by order for payment against the bail, and execution against the bail in default of payment

8 Where the proceedings for prize salvage have been taken *in personam*, the decree or order may be enforced against the owner, and execution issued against him. If the owner makes default in payment, the Judge may direct a warrant to issue for the arrest of the ship or aircraft on its coming within the jurisdiction of the Court and may order a sale thereof and payment of the award to be made out of the proceeds of such sale.

9. Where any salvage is awarded to any persons other than officers and crews of His Majesty's ships of war or military aircraft, either alone or conjointly with such officers and crews, the Judge may make an order apportioning such salvage between such persons or between such persons and such officers and crews, in such proportions as to the Judge shall seem fit:

Provided, that nothing herein contained shall be taken to authorise the distribution of salvage among such officers and crews or to affect any proclamation of His Majesty as to the distribution of prize money.

Forms of decree in prize salvage will be found in Appendix A, Nos 62 (xvi) to (xvii)

10. No decree or order for the payment of salvage to salvors shall be made unless and until the Judge is satisfied that no persons other than the said salvors are entitled to share in such salvage.

ORDER XXXI.

Land Expeditions and Conjunct Capture with Ally

A ship taken by land expedition within the meaning of the Naval Prize Act, 1864, section 34, or by a conjunct capture with an ally within the meaning of section 35 of the said Act, shall be proceeded against and dealt with as far as possible, in the same manner as hereinbefore provided in the case of any other ship captured as prize.

ORDER XXXII

Joint Capture, Flag Officers' Claims, and other Conflicting Claims between Captors.

1 Any person claiming to share as joint captor (hereinafter called "the petitioner") may, at any time after the institution of a cause relating to a ship or aircraft in respect of which he claims a share, proceed as hereinafter provided:-

(1) A writ (Appendix A, Form No. 6) shall be issued by the petitioner in the Registry, instituting a cause of joint capture.

(2) If the cause is instituted before condemnation of the ship or aircraft in respect of which the petitioner claim to share, or in prize salvage before adjudication, the petitioner shall, except in the case of a flag officer claiming to share by virtue of his flag, within six days after issuing his writ give security to the satisfaction of the Court to contribute to the actual captors a just proportion of any costs, charges expenses or damages that may be incurred by or awarded against the actual captors on account of the capture and detention of the prize. Within ten days after such security is given the petitioner shall file in the Registry a petition setting out the material facts on which he relies to establish his claim to share as aforesaid.

(3) If the cause is instituted after condemnation of the ship or aircraft in respect of which the petitioner claims to share, or in prize salvage after adjudication, the Judge shall, upon sufficient cause being shown by affidavit why the application was not presented before condemnation or adjudication, and upon payment being made and security being given (as hereinbefore provided), allow the writ to be served upon the party to whom the ship or aircraft has been condemned (hereinafter called "the respondent"), or in prize salvage on the captors, who shall show cause why the petitioner should not be pronounced to be a joint captor of the said ship or aircraft.

(4) Where the cause is instituted after condemnation, the petitioner shall within ten days after such payment has been made and such security has been given, file a petition setting out all the material facts on which he relies to establish his claim to share as aforesaid, and serve the same as hereinbefore provided.

(5) The respondent shall appear to the writ by entering an appearance (Appendix A, Form No. 8) in the Registry within the time named in the writ.

2. The respondent, if he desires to contest the right of the petitioner to share, shall file an answer.

If the respondent admits the right of the petitioner to share, he shall file an admission in the Registry.

A copy of every pleading shall be served on the opposite party.

Forms of the above pleadings will be found in Appendix A, No. 13 (iii)

3. Upon the answer, and the reply thereto (if any), or admission being filed, the petition shall be heard in Court, on an early day to be appointed by the Registrar, upon the application of either party, upon such as decree as the Judge shall think fit

4 If in a cause instituted against a ship or aircraft for condemnation as prize, or in a cause for prize salvage, a cause of joint capture is instituted before condemnation or adjudication, the Judge may, at the hearing of the principal cause, upon condemnation of the ship or aircraft as lawful prize to the Crown, determine the title of the petitioner to share as aforesaid

Forms of decree in joint capture will be found in Appendix A, Nos 63 (xviii) to (xxi)

5. The costs of and occasioned by the petition shall, as the Judge shall direct, be borne by the petitioner or re-pondent or be paid out of the proceeds of the ship or aircraft if condemned.

6. Except by special leave of the Judge no party shall be admitted to claim to share as a joint captor in a prize, or in prize salvage, unless he shall institute his cause and file his petition within six months from the date on which the Judge shall have pronounced any other party entitled to such prize, or prize salvage.

7. A claim by a flag officer to share in prize, or prize salvage, by virtue of his flag shall not be made until after condemnation, and shall then be made in the same form and manner, and the same proceedings shall be had thereon, as in cases of asserted joint capture:

Provided, that such flag officer shall not be required to pay costs or give security for costs.

8. Where in any proceedings instituted for condemnation, or for prize salvage, the title or interest of the party instituting such proceedings is denied by any other party who asserts that he has as captor the sole title or interest in the prize or prize salvage, proceedings may be taken for the purpose of determining such title or interest in the form and manner herein provided for determining the title and interest in a claim of joint capture. Provided, that the petitioner shall not be required to give any security or pay any costs before so proceeding unless so ordered by the Judge, and that the form of proceedings shall assert such sole title and interest instead of a joint title and interest, and that the petition shall be filed within ten days after the cause is instituted by the petitioner instead of after security given

9 All other applications to share in prize proceeds, or prize salvage shall, unless the Judge shall otherwise direct, be made by motion.

ORDER XXXIII

(3) Not less than four clear days before such application, notice thereof shall be served upon the proper officer of the Crown.

(4) The witnesses in support of the application shall be examined before the Judge in Court, or their evidence may be given by affidavit.

(5) If the Judge makes a decree in favour of the application and there are no parties other than the original applicants claiming to share in the bounty, the Judge may upon the hearing of the application, or at a later date if he shall see fit, make a decree declaring the title of the applicants to the prize bounty, and stating the amount thereof. If there are other persons claiming to share in the bounty, the Judge may make a decree that bounty is due, stating the amount thereof, but reserving the question to whom the said bounty is due.

Forms of decree will be found in Appendix A, Nos. 53 (xxx) to (xxviii).

(9) All claims to shares as joint captors in prize bounty shall be, as far as possible, subject to the same procedure and rules, and be heard and determined in the same manner as here-inbefore provided in the case of claims to shares as joint captors in prize.

Order XXXIV.

In questions concerning the distribution or investment of prize money, whether the proceeds of prize, prize salvage, of prize bounty, distributable under the provisions of the Naval Agency and Distribution Act, 1861 or otherwise, and in questions concerning the remuneration of ships' agents under the said Act, the procedure shall be as follows:—

(1) Any application for distribution or investment of such money shall be by motion.

(2) No motion shall be heard unless four days' previous notice thereof, intituled in the cause to the credit of which such money stands or in which such money has been pronounced due, has been served by the applicant upon all parties interested, including (if they are not applicants) the Lords of the Admiralty.

(3) The Judge may, if he thinks fit, direct any application for distribution or investment to be heard on pleadings.

Answer

G.H., solicitor for the commander, officers, and crew of His Majesty's ship , the captors of the said ship , in answer to the petition of the claimants, says as follows:—

1. The said ship and her cargo were taken as prize and brought in for adjudication by the captors under the circumstances hereinafter described

(g) NOTE.—These pleadings are given as examples only, and the forms should be adapted to the facts of each particular case.

2. On the day of , His Majesty's ship was cruising off when the said ship came into sight and was signalled and duly boarded by a boat from the , and the ship papers and documents and the cargo of the were duly inspected and examined.

3. Upon one of the bulkheads, and on one of the boats of the said ship , was found a name (the), which was not the present name of the ship, and the name of the port of , which is in enemy territory and upon inquiry of the master of the said ship it appeared that the said ship immediately prior to the purchase by her present owners and to the existing war, had been owned by a firm carrying on business at the said port of , in enemy territory, and that the said master had been in command of the said ship whilst she belonged to the said firm.

4. On receiving such information, the captors brought in the said ship for adjudication upon the suspicion that the sale and transfer of the said ship to the present alleged owners was not bona fide, and that she still belonged to her former enemy owners.

5. The transfer and assignment of the said shares in the said ship by *C D* to the claimant *E.F.* in the petition alleged took place as therein alleged, but at the time of such transfer the said *C D.* was a member of the said firm of , carrying on business as aforesaid, and the transfer and assignment of the said shares was made and executed by the said *C D* as agent of the said firm, and was a mere colourable and fraudulent transfer to cover the enemy character of the said ship, and the said ship at the time of capture remained the property, and was navigated for the account and at the risk of the said firm of , and was in fact enemy property

(*If the cargo or any part thereof was enemy property, allege it, stating the alleged ownership thereof, or if the cargo or any part thereof was contraband, allege it.*)

6 Save as aforesaid the respondents deny all and every the allegations in the petition contained.

And the said *G.H.* prays the Judge to pronounce that the said ship (and her cargo) were at the time of capture property of enemies of the Crown of Great Britain, or otherwise liable to condemnation, and to condemn the same as lawful prize to the captors, or to pronounce for just cause of capture.

Petition alleging Special Difficulty or Danger.

Writ issued , 19 .

Petition.

G H, solicitor (*or A B.*, commander), and the officers and crew of His Majesty's ship the recaptors of the above-named ship, the plaintiffs (*or as the case may be*), says as follows:—

1. The recaptors are the commander, officers, and crew of His Majesty's ship , which is a cruiser of the second class (*or as the case may be*) armed with , and carrying a crew of hands all told, and fitted with engines of horse-power effective

2. On the day of , at about 11 a.m. His Majesty's said ship was proceeding from to in pursuance of her instructions to cruise off the coast of and to assist and protect British vessels whilst passing such coast. At such time as aforesaid it was blowing a heavy gale from the and the weather showed no signs of improvement.

3 Whilst proceeding as aforesaid, those on board the sighted a steamship, appearing to be a British mail steamer, steering to the on about an opposite course to the . Signals were at once made to the said steamship, which proved to be the of but no answer was made, and although a gun was

fired the altered her course and proceeded in towards the coast of , apparently making for the port of in enemy's territory.

4. The recaptors having thereon reason to believe that the was in possession of the enemy, immediately altered the course of the and chased the , gradually gaining upon her.

5. After hours' chase the and the had come within 10 miles of the coast of , and the was about half-a-mile astern of the said At this time it was seen that an enemy war ship was coming out of the said port of , and thereupon extra steam was raised on the and she succeeded in getting between the said and the entrance to the said port, and forced her to alter her course to seaward.

6. The said enemy war ship, which proved to be the of guns and to be carrying a crew of hands, came on, and with the assistance of some torpedo boats which were following her engaged the , but after a fierce engagement, lasting about half-an-hour, the said enemy war ship was beaten off and returned to the port of with the torpedo boats, whereupon the said surrendered to the recaptors, and the prize crew in charge of her having been taken on board the , and a prize crew from the having been put on board the , the two vessels in company proceeded towards and the was brought in safety into , where she now lies.

7. At the time of the said engagement, His Majesty's said ship was close to the island of , and owing to the gale and the dangerous nature of the coast she ran great risk of being driven on the rocks in manœuvring during the said engagement, and the lives of the recaptors were thereby exposed to great risk and danger. In the said engagement the had men killed and men wounded, including officers.

8. By reason of the premises the and her cargo were saved from condemnation as prize to the enemy under circumstances of special difficulty and danger.

The said *G.H.* prays the Judge to award to the recaptors one-fourth of the value of the said and her cargo, or such other sum as to the Judge shall seem just, and costs.

Answer.

J K, solicitor for *C D.*, the owner (and claimant) of the said ship, and *E F*, owner of the cargo thereof, defendants (*or as the case may be*), in answer to the petition of the recaptors says as follows:—

1. The defendants (*or as the case may be*) admit that the said ship and her cargo were recaptured from the enemy by the recaptors, but deny that the recapture thereof was made under circumstances of special danger or difficulty entitling the recaptors to a larger part of the value of the said ship and cargo than one-eighth part.

2. The defendants (*or as the case may be*) do not admit that His Majesty's said ship was at the time of such recapture engaged in protecting British ships as alleged. At the said time, His Majesty's said ship was engaged, in conjunction with other vessels, in watching the said port of and in endeavouring to intercept and capture the said enemy's ship of war the , and for such purpose was endeavouring to entice her out of the said port and bring about an engagement with her, and the fact that the said mail steamer the made for such port in fact brought about the engagement as wished for and intended, and such engagement was not brought about and did not happen merely for the purpose of the recapture of the said ship, but took place in the ordinary course of duty and under the express instructions given to His Majesty's said ship.

The said *J K.* prays the Judge to pronounce that the recaptors are entitled to one-eighth of the value of the said ship and her cargo, and no more, and to condemn the recaptors in the costs of and occasioned by their claim for a larger sum.

No. 929.

Under Note II to rule 5 and the note under clause (6) of rule 21 (1) of the Madras Tobacco (Taxation of Sales and Licensing) Rules, 1939, and under rule 31 of the Madras General Sales Tax Rules, 1939, if payment of any tax or fee under the said rules is made by cheque, the cheque should be such as may be received at the treasury under the Madras Treasury Code. With reference to those provisions and in continuation of Revenue Department Notification No. 823, dated 18th July 1939, published at page 9 of the *Fort St. George Gazette* Extraordinary, dated 17th July 1939, the following instructions in regard to payment by cheques are published for the information and guidance of those who have to pay the tax or fee under the said rules:—

Instructions for payment by cheque of licence fees and tax payable under the Madras Tobacco (Taxation of Sales and Licensing) Rules, 1939, and the Madras General Sales Tax Rules, 1939

1. The tax or fee payable under the rules may be paid by crossed cheque made payable to the departmental officer concerned of the Commercial Taxes Department, provided that the cheque is drawn on a Madras bank which is a member of the Clearing House in Madras City (see the list of such banks in Appendix I) or a branch of such a bank situated in Madras City or any other bank situated in Georgetown (Madras), or a bank in any other place in India where there is a branch or pay office of the Imperial Bank of India.

2. In Madras City payment may, if preferred, be made direct at the Madras Taluk Treasury by crossed cheque drawn on any of the banks mentioned in paragraph 1 and made payable to the Tahsildar, Madras.

In the mofussil, payment direct at the treasury by cheque is possible only when the payment is to be made at a district treasury, a district headquarters sub-treasury or a sub-treasury which conducts its transactions through the Imperial Bank of India (see the list in Appendix II). At any such treasury payments may be made direct by crossed cheque drawn on the banks mentioned in paragraph 1 above and made payable to the treasury or sub-treasury officer concerned.

3. When a cheque is tendered to the Government, the Government cannot admit that payment has been made until the cheque has been realized, and the payer will therefore be given at once no acknowledgment for the cheque only. A final receipt for the payment will be sent to the tenderer of the cheque after the cheque has been realized. The date of realization of the cheque will be treated as the date of payment. If the payment has to be made not later than a fixed date or the final receipt has to be furnished to a specified authority not later than a fixed date, the payer should see that he presents the cheque sufficiently early so that he may receive the final receipt in time.

Competitors for the prizes should submit six copies of each of their works, if printed or typewritten, or only one copy if in written manuscript, so as to be received by the Registrar **not later than the 1st October 1941. Only complete works will be taken into consideration. Works by Joint Authors (say a Scientist and a Specialist in a Language) will be accepted for the prizes.**

Note.—The work, if written to stand, should be clearly written and free from omissions, overwritings and interlineations and written on one side of the paper.

The prizes, the object of which is to encourage the production of Prose Literature in the four Indian languages on modern subjects, will be awarded ordinarily to persons who are Indians or domiciled in the areas within the jurisdiction of the Madras University. Competitors should, therefore, forward with their works, evidence of their domicile.

The Competitor should also certify that the work submitted by him has not previously formed the basis for the award of any prize or title.

The Syndicate may divide the prizes among works of equal merit, or decline to award the prizes, on the ground that none of the works submitted reaches the proper standard of merit.

The Syndicate has resolved that the prize "Manuals" should not be mere text-books but must be primarily designed to make modern scientific knowledge available to the large body of middle class villagers who are literate, but do not know English. These books may be prescribed as texts for Part II of the Intermediate and B.A. Courses, if adequate care is taken of the language employed.

The prize amount shall be paid only after the publication of the work by the Competitor. If the work is entrusted to the University for publication, only the balance of the amount after deducting the cost of the publication of the work, shall be paid.

Statistics—Cotton—1939-40—Second Forecast Report.

The average of the areas under cotton in the Madras Province during the five years ending 1937-38 has represented 9·9 per cent of the total area under cotton in India.

2. The area under cotton up to the 15th September 1939 is estimated at 770,900 acres. When compared with the area of 832,200 acres estimated for the corresponding period of last year, it reveals a decrease of 7·3 per cent. The decrease is seen occurs in most of the important cotton growing districts owing mainly to the want of timely and sufficient rains.

3. The area in the Central districts and the South relates partly to the last year's crop and partly to the current year's sowings which have commenced in parts.

4. The condition of the standing crop is generally satisfactory.

5. The average wholesale price of cotton lint per imperial maund of 82·2/7 lb. as reported from important markets on 2nd October 1939 was Rs. 17-5-0 for Cocanadas, Rs. 15-10-0 for Red-Northerns, Rs. 14-4-0 for White-Northerns, Rs. 15-11-0 for Westerns (Monsoon crop), Rs. 17-13-0 for Westerns (Summer crop), Rs. 19-8-0 for Coimbatore-Cambodia, Rs. 21-11-0 for Southern Cambodia, Rs. 27-4-0 for Coimbatore-Karunganni, Rs. 23-1-0 for Tinnevelly-Karunganni, Rs. 22-1-0 for Tinnevelly and Rs. 10-11-0 for Nadam cotton. When compared with the prices published in the last report, i.e., those which prevailed on 4th September 1939, the prices reveal a rise of about 5 per cent in the case of Northerns (red and white) twelve per cent in the case of Nadam, 14 per cent in the case of Coimbatore-Cambodia, 18 per cent in the case of Southern Cambodia, and 20 to 25 per cent in the case of the other varieties of cotton.

NOTE.—A detailed list showing the actual quantities in each class that will be offered for sale will be given to each bidder before the commencement of the sales.

2. The wood has been classified according to the classes noted above. Intending purchasers are advised to inspect in advance, the lots put up for sale, but they must accept the classifications made in the depot as final.

3. The various classes have been stored in the sandalwood godown in lots of 10, 15 and 20 tons for convenience. But the lots so exposed will not constitute an actual lot for which bids will be accepted. Each class of wood will be offered for sale separately in lots of 20, 15 or 10 tons or less if contingency such lots merely consisting of a certain quantity of the class of wood then being sold. Bids will be per ton of each class of wood.

The bids shall be advanced in multiples of Rs. 5 per ton and not less.

4. The sale will be subject to confirmation by the Conservator of Forests, Salem Circle, who does not bind himself to accept the highest or any bid.

5 Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash immediately before the sale, this should preferably be in the form of Madras notes for Rs. 1,000 or Rs. 500. A receipted Government treasury challan for the amount will also be accepted. In the case of intending bidders who have previously bought sandalwood from the Forest department, a cheque on the Imperial Bank of India for the amount will be accepted but the discretion to accept such cheques rests entirely with the officer conducting the sale. The amount (the earnest money deposit) will be retained as security for the due fulfilment of the conditions 9 and 10 infra.

6 If two or more persons in partnership attend the sale with the intention of purchasing wood jointly, only one member of the partnership will be recognized for purpose of bidding and the deposit will be accepted in his name.

7 The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the first instalment of the purchase price.

8 Each purchaser shall, immediately a lot is knocked down to him, sign his name at the foot of the sale list, in the column provided for the purpose, and such signature will be held as an admission on his part of his having purchased that particular lot and of having accepted the conditions of the sale notice.

9 Immediately the sale is over, each purchaser, if his offer for any particular lot has been accepted by the Conservator of Forests will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this amount into any of the Government treasuries in the district of North Arcot or the Imperial Bank of India at Vellore or the Reserve Bank of India at Madras, within fifteen days of the confirmation of the sale and another 25 per cent before the 10th January 1940, the balance of 50 per cent less the earnest money deposit referred to in condition 5 supra, being paid on or before 24th February 1940 or against delivery, whichever is earlier. Should any purchaser fail to make the necessary remittances by the due dates the money already remitted will lapse to Government and the District Forest Officer will be at liberty to resell the wood in question at the risk of the purchaser who shall be liable for any loss, but shall not participate in any profit which may arise by the resale.

10. After 50 per cent of the entire sale value has been paid to the credit of the Forest department, delivery of the sandalwood shall be made to the purchaser provided that until full payment has been made a quantity of wood equivalent to 25 per cent of the full sale value shall remain unremoved, but paid for.

The delivery will be by full lots at a time and no lot will be delivered by portions.

11 On the purchaser's presenting challans or proof that 50 per cent of the entire sale value has been paid, a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 10 supra. If, however, proof is produced that the entire sale value has been paid the whole sandalwood purchased will be weighed and handed over. The purchaser must take delivery of and remove the whole of the wood sold to him on or before the 31st March 1940,

Should any excess over the quantity paid for be found in the quantity purchased when weighing at the time of delivery, the excess will be paid for by the purchaser at the rate at which it was originally purchased before effecting removal. If any one purchaser has purchased more than one lot or class and if there is any excess in one lot or class and deficit in the other when weighing at the time of delivery on a particular day, the value of the deficit retired calculated on the rate at which the main lot or class was sold will be adjusted towards the value of the excess quantity noticed in the other lot or class as the case may be, and the balance, if any, still due from the purchaser will be collected before permitting him to remove the quantity delivered during the day. If however, the net quantity delivered results in a deficit on account of drawings over the recorded quantity at the time of sale, the value of the deficit quantity at the purchased rate will be refunded in due course.

12. The accepted bidders, when deputing their agents to take delivery, must furnish each agent with a power-of-attorney duly stamped and bearing the signatures of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer by post with four specimen signatures of the agent. Failing this, delivery may be refused pending verification, in which case the delay will count against the accepted bidder.

13 No further cleaning or classification of sandalwood will be undertaken by the Forest department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest department, must be accepted.

14. After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the period allowed in clause 11, demurrage will be charged at the rate of Re. 2 per ton per diem from the last date fixed for delivery until the wood is finally removed.

15 No sandalwood shall be removed from the depot till a pass to remove it signed by the officer of the Forest department, who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped bears the department's 'sale hammer' mark.

16. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

17. The wood purchased by each purchaser shall be in the depot at the purchaser's risk from the date of sale until it is removed.

18. The purchaser shall bear the cost of taking delivery of sandalwood. The depot contractor will supply the required labour for taking delivery of the wood. No other persons other than those supplied by the contractor will be allowed to enter in the depot premises.

19 Each intending bidder unless specially exempted by the Conservator of Forests, Salem Circle, Salem, on an application made in writing at least fifteen days before the date of sale, must produce a solvency certificate specifying the maximum up to which he is solvent signed by a responsible Revenue Officer of the district in which he resides, and the District Forest Officer holding the sale may refuse to allow any bidder not so exempted to bid beyond the amount guaranteed in such certificate. In lieu of the solvency certificate the bidders may deposit cash with the officer conducting the sale and they will be permitted to bid up to the value of cash deposited.

20 The purchaser should give at least seven days' notice of his intention to take delivery, to the District Forest Officer, Vellore West, Tiruppattur, supported by bank remittance in token of payment. No delivery will be made on holidays.

21. Any supplementary conditions that may be found necessary will be added and read out at the time of auction.

22. The full quantity of wood advertised for sale will not necessarily be put up to auction.

23. Further particulars can be had on application to the District Forest Officer, Vellore West Division, Tiruppattur, North Arcot.

Employment of apprentices in Bezwada Public Works Workshops.

Applications will be received by the undersigned up to 20th December 1939 for apprenticeships in Bezwada Workshops.

Rules for the employment of apprentices in the Public Works Workshops at Bezwada

1. Two apprentices will be admitted each year for training in the Public Works Workshops at Bezwada.

2. The period of apprenticeship in the Public Works Workshops at Bezwada will be five years.

3. No one under the age of 15 will be admitted as an apprentice.

4. Every candidate for apprenticeship should produce to the satisfaction of the officer in charge of the workshops, testimonials of his educational qualifications (the standard of which must not be below the III Form), character and respectability, and a medical certificate from a registered medical practitioner that he is of good physique. Evidence of any technical training undergone by the applicant may also be sent with the application. Candidates who have relatives serving in the department will be given preference, provided they are up to the mark in other respects.

5. Every selected candidate will be required to deposit a security of Rs. 25. He will be required to work in the workshops for the full period of his apprenticeship and to obey all orders and rules in force in the workshops or that may be issued from time to time.

6. The deposit of Rs. 25 will be returned to the apprentice one month after the termination of the full period of his apprenticeship but the whole amount or a portion thereof will be liable to be forfeited at the discretion of the officer in charge of the workshops if the apprentice absents himself without leave or resigns his apprenticeship before the completion of the full period or causes any damage or injury to the machinery, stores, etc., in the workshops and fails to make good the loss. Should the repair of such damage cost more than the security deposited by the apprentice, he will further be liable to make good the excess.

7. *Dress.*—Apprentices while at work should wear khaki shorts and short-sleeved shirts and should wear their hair short, provided there is no objection on religious grounds, as the wearing of loose dress or long hair while working at the machines is dangerous.

The hours of work in the Bezwada workshops are 6-30 a.m. to 11-30 a.m. and 2-30 p.m. to 5-30 p.m.

The above hours are liable to alteration at any time by order of the officer in charge of the workshops.

The apprentices of the workshops at Bezwada while at work at the drawing office will attend office from 7-30 a.m. to 11 a.m. and 2-30 p.m. to 5 p.m.

" second year	...	6 "
" third year	...	8 "
" fourth year	...	8 "
" fifth year	...	12 "

The grant of increments of pay in the second and succeeding year or years will depend entirely on the proved capacity and increased capabilities of the apprentice as judged by the officer in charge of the workshops. Apprentices who are considered not to have shown sufficient improvement may at the discretion of the officer in charge of the workshops be given either no increment or a smaller increment than that laid down in the above scale.

9. The course of training in the Public Works Workshops at Bezwada will be approximately as shown below:—

(f) Drawing office and design	...	9 "
(g) Final test	...	3 "
Total	...	5 years.

Every apprentice at the end of each course and before transfer to the next department will be given a trial to find out what knowledge he has gained and whether he has utilized his time satisfactorily. If he passes his trial he will be transferred to the next department. If he fails he will be allowed to stay a month more in the same department and will then be tried again. If he is still found unfit he will be dismissed. No wages will be paid for this additional month of training.

10. During the last six months, the apprentices in the Public Works Workshops at Bezwada will be required to design and carry out a small job by himself such as a hand-drilling machine, a hand pump, etc., to the satisfaction of the officer in charge of the workshops.

On the satisfactory completion of the apprenticeship a final certificate of completion of apprenticeship will be issued in the prescribed form.

11. Leave will be granted without wages for illness on production of a medical certificate from a registered medical practitioner, or for other strong reasons. No extension of apprenticeship will be necessary in the case of leave granted on medical certificate or for other reasons, if the period of leave does not exceed one month and if the officer in charge of the workshops is satisfied with the efficiency of the apprentice, but if the period of leave exceeds one month, the period of apprenticeship will either be extended by the entire period of absence or by the period of excess over one month.

only, as the Executive Engineer, Kistna Central Division, directs.

12. The Executive Engineer, Kistna Central Division may terminate an apprenticeship at any time and may discharge an Apprentice if his work or conduct is unsatisfactory and may decide what portion of his deposit shall be forfeited to Government.
